SCAPE Pro Scanner Series

SCAPE Mini Scanner Series

Cautions

This equipment must be installed by professionals. Please follow operating specifications to avoid injury and comply with safety regulations.

- Do not try to open or repair the equipment, since incorrect operations can cause permanent damage to the equipment.
- After the equipment is installed, refrain from moving or disassembling the equipment parts.
- Read the instructions carefully before performing a test or operation.
- The equipment should be installed with a fixed bracket to avoid harmful vibration.
- Ensure temperature and humidity of the test environment are constant for test consistency.
- Use professional tools to maintain and clean the lens, stage, etc. to avoid damage to the lens or glass.
- Looking directly at the light emitted by the device for extended periods may cause damage to the eyes.
